

More than CNC machining

Henrong

Work with
customers from
53 countries +
26 industries,
we know what you
need

Who we are?

Henrong is a professional precision manufacturing group, concentrating on CNC machining and related manufacturing technologies. We have experienced workers and a conscientious Q/C team, to provide competitive quality for customer.

Our mission is to develop and produce quality parts to assist customers to be more successful.

Henrong proceeds an efficient quality control system, based on more than 10 years of manufacturing and exporting experience to North America & Europe markets. Our quality inspectors carefully check every detail of the products before shipment, just to make sure that the products strictly meet buyer's quality standard.

Our parts have been exported to United States, Europe, Canada, Japan, Australia etc., covering more than 50 countries. Our professional OEM / ODM service has received excellent feedbacks from our global clients. We have advanced 3/4/5 axis CNC machining centers, CNC turning equipments, Coordinate Measuring Machine (CMM) etc., operated by well trained engineers to meet different customers' demands covering more than 20 industries.

What we do?

\ Available Manufacturing Technologies:

- CNC Precision Machining
- Laser Cutting + Bending
- Low Pressure Die Casting
- SLA 3D Printing
- Silicone Mold Vacuum Casting

\ Available Materials:

- Aluminium
- Stainless Steel
- Titanium
- Carbon Steel
- Brass
- Machinable Plastic

\ Available Drawing Formats:

- 2D drawing: PDF, JPG, DWG
- 3D drawing: IGS, STP, SLDPRT

\ Available Surface Finishes:

- Normal Polish, Mirror Polish
- Brush
- Anodize
- Sand Blast, Shot Blast
- Electroplating
- Black Electrophoresis
- Black Oxide
- PVD
- Powder Coating

\ P.S. Above list only covers the main technologies we have, if there is any special demand, please feel free to contact us.

63% of the orders are with small / medium volumes, our production flexibility helps customer succeed

Products we make?

Facilities we have?

- \ Automobile
- \ Electric Power & Energy
- \ Robotics
- \ Medical
- \ Aircraft
- \ Automation
- \ Consumer Electronics
- \ etc.

- \ 3-axis CNC Machining Center
- \ 4-axis CNC Machining Center
- \ 5-axis CNC Machining Center
- \ Turn-Mill Combination Equipment
- \ CNC Milling Equipment
- \ CNC Turning Equipment
- \ CNC Grinding Equipment
- \ Laser Cutting + Bending Equipment
- \ Low Pressure Die Casting Equipment
- \ Coordinate Measuring Machine
- \ Precision Height Gauge
- \ X-Ray Detection Device
- \ Spectrum Analysis Device
- \ etc.
